## SLING CAMP RIOTS

Aucklanders Concerned

(Press Association.)

AUCKLAND, Monday. Reference was made by one of the officers returned by the Northumberland to the disturbance at Sling Camp in March last. He stated that no Aucklanders were concerned in the riot, and that shortly before the trouble commenced the Auckland battalion was removed to another camp on Lark Hill about three miles away, because of the large number

of men arriving at Sling. One of the chief causes of dissatisfaction among the men at Sling was that many soldiers, who recently arrived from New Zealand, and had never been in France, were given EEP a water bottle in the Lome preference over the men who had in case of sickness!
